

School Readiness

For children who are 3 years of age by September 1st.

The School Readiness Program offers a class where children learn skills through a wide variety of activities and play. The goal is to give children a successful start in school by helping them to:

- Become an enthusiastic learner.
- Learn self-help skills.
- Follow classroom routines and follow simple directions.
- Learn respectful interaction with peers and to learn personal self-control.
- Participate in circle time, gross-motor activities, fine motor activities, art, dramatic play, music, science, sensory activities, block play and literacy activities.
